

Auping Auronde

The design classic that keeps surprising

The Auping Auronde is a true design icon and one of the most recognisable beds in the Netherlands. Originally designed by Frans de la Haye in 1973, the Auronde has become a timeless classic.

Auping Auronde

The design classic that keeps surprising

Drift away in style. Discover the different versions of the Auronde and choose the style that suits you best.

Benefits

■ Design classic

A design classic that has been bringing character to the bedroom since 1973. Designed by Frans de la Haye and iconic for its rounded shapes, aluminium details and exceptionally strong beech wood. A bed with history and personality that still feels surprisingly contemporary. For those who choose proven design made to last for generations.

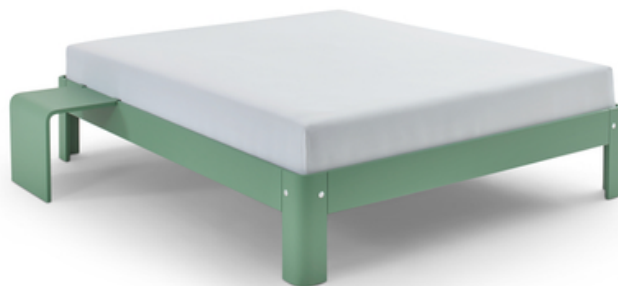

■ Award

The 'Good Industrial Design' recognition is the most important distinction for industrially designed products.

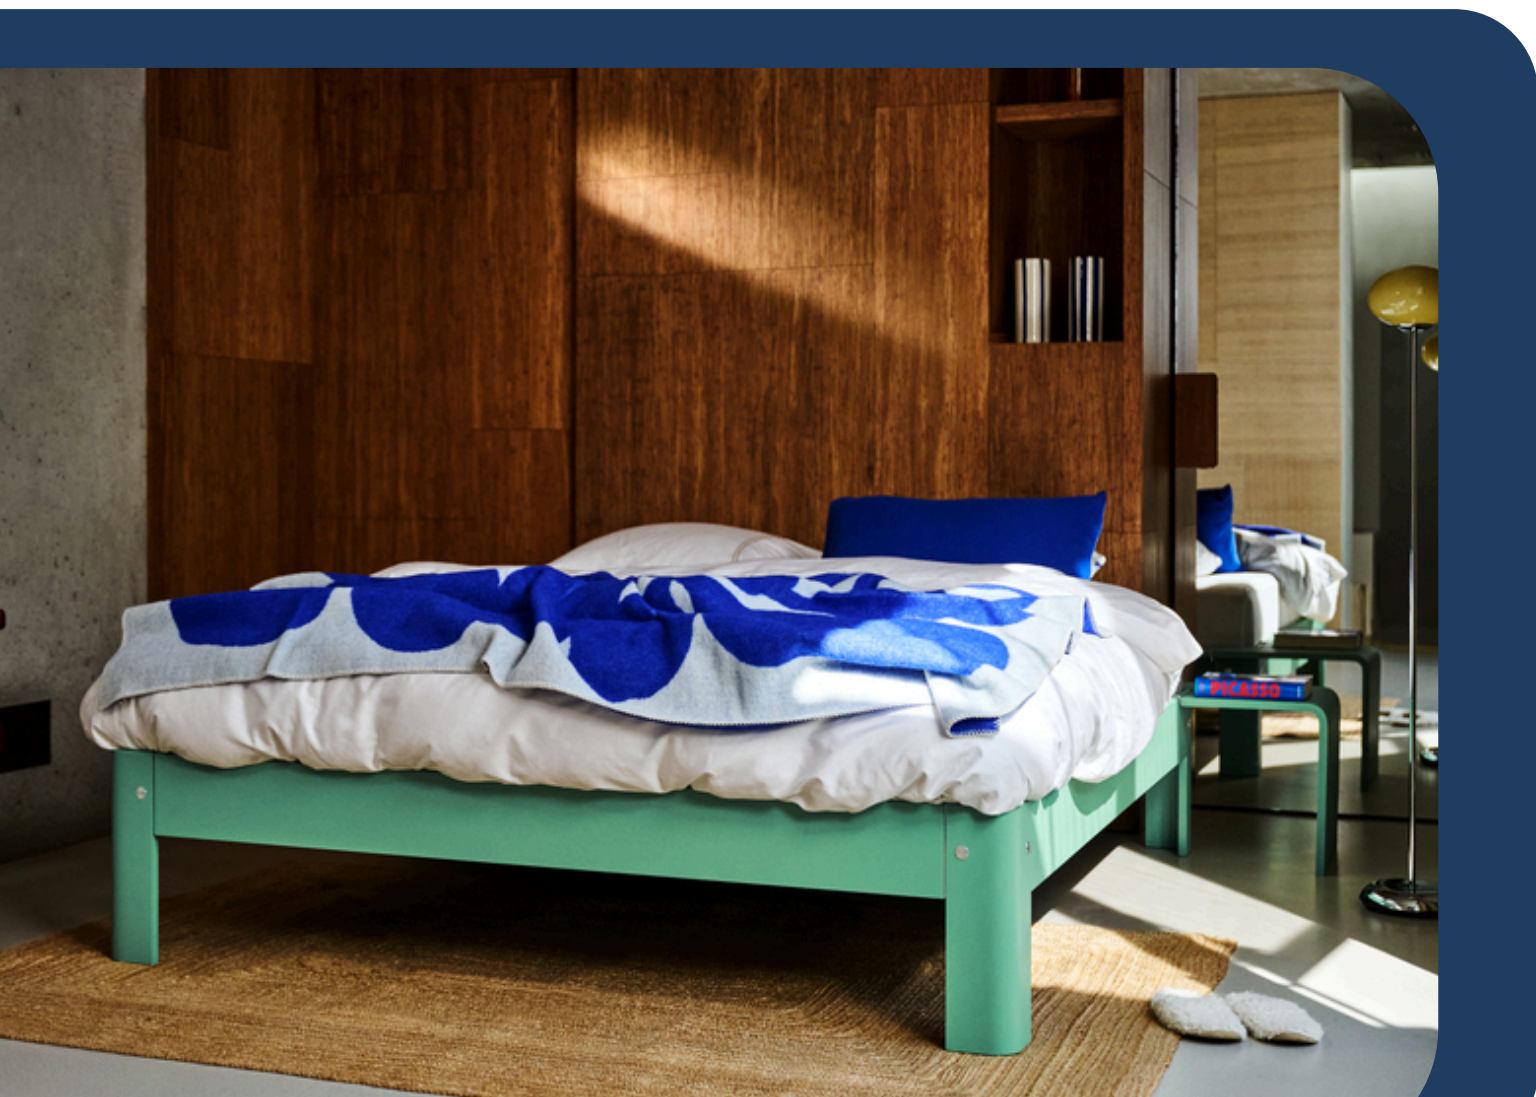

■ Sleeping Comfort

Combined with Auping's renowned mesh base technology, the Auronde offers excellent ventilation, ergonomic support and a fresh sleeping climate. Its carefully engineered construction ensures lasting comfort and restorative sleep every night.

■ Sustainably Made

The Auronde is crafted from high-quality, durable materials and designed to last for generations. Made in Auping's factory in the Netherlands, it combines thoughtful craftsmanship with a strong commitment to sustainability. Timeless in design and built to endure, the Auronde is made to be enjoyed for years to come.
