

Auping Essential

Refined design. Thoughtfully sustainable

The Auping Essential combines contemporary Dutch design with sustainable craftsmanship. Designed by Berlin-based duo Köhler & Wilms, the bed stands out with its slim lines, elegant curves and timeless appearance, making it a perfect fit for modern interiors.

The bed is available in a wide range of colours, fabrics and configurations, allowing it to be tailored to different styles and preferences.

Auping Essential

Refined design. Thoughtfully sustainable

Drift away in style. Discover the different versions of the Essential and choose the style that suits you best.

Benefits

■ Refined design

Minimalist design with a refined look. The slim aluminium frame, soft curves and tapered legs bring a sense of calm and elegance to your bedroom. As the world's first fully recyclable bed, the Essential can be completely disassembled and is designed with material reuse in mind. A bed that looks light, feels considered and stays beautiful for years to come.

■ Awards

 The RedDot design award is a respected international seal of approval indicating outstanding design quality.

 The IF Product Design Award has been one of the most important awards for innovative product design since 1953.

The 'Good Industrial Design' recognition is the most important distinction for industrially designed products.

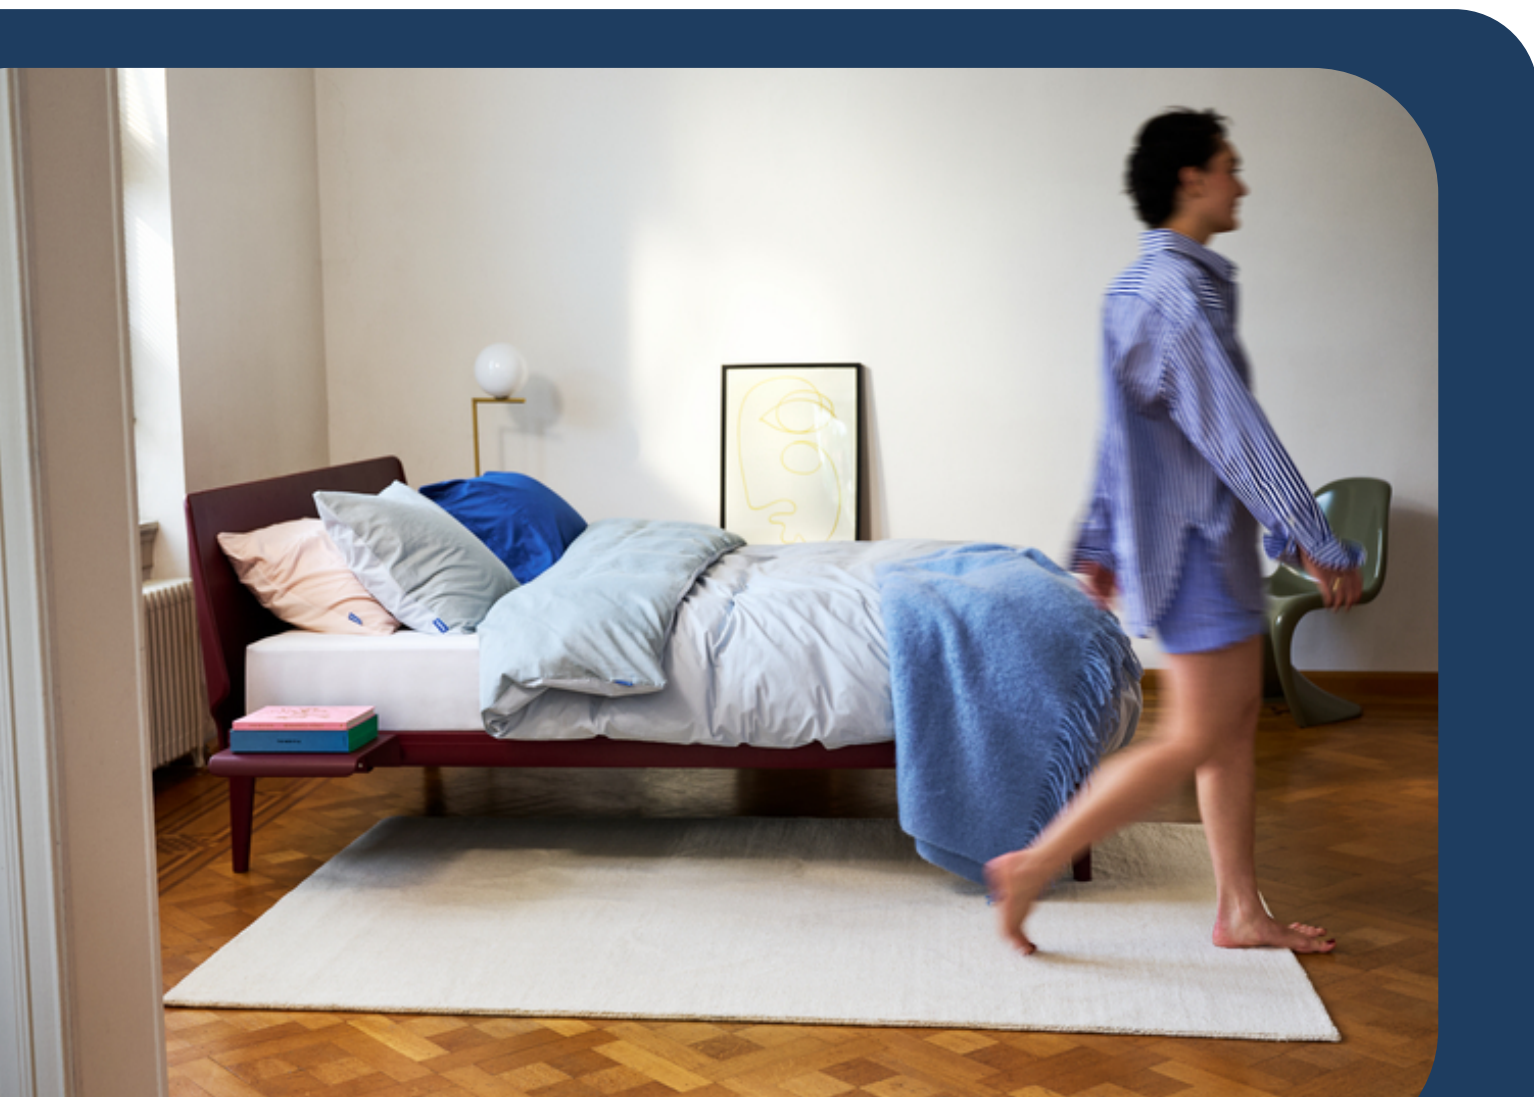

■ Sustainably Made

Sustainability is at the heart of the Auping Essential. The bed is crafted using durable, high-quality and recyclable materials, including steel and recycled aluminium. Designed with circular principles in mind, the Essential reflects Auping's commitment to responsible production.

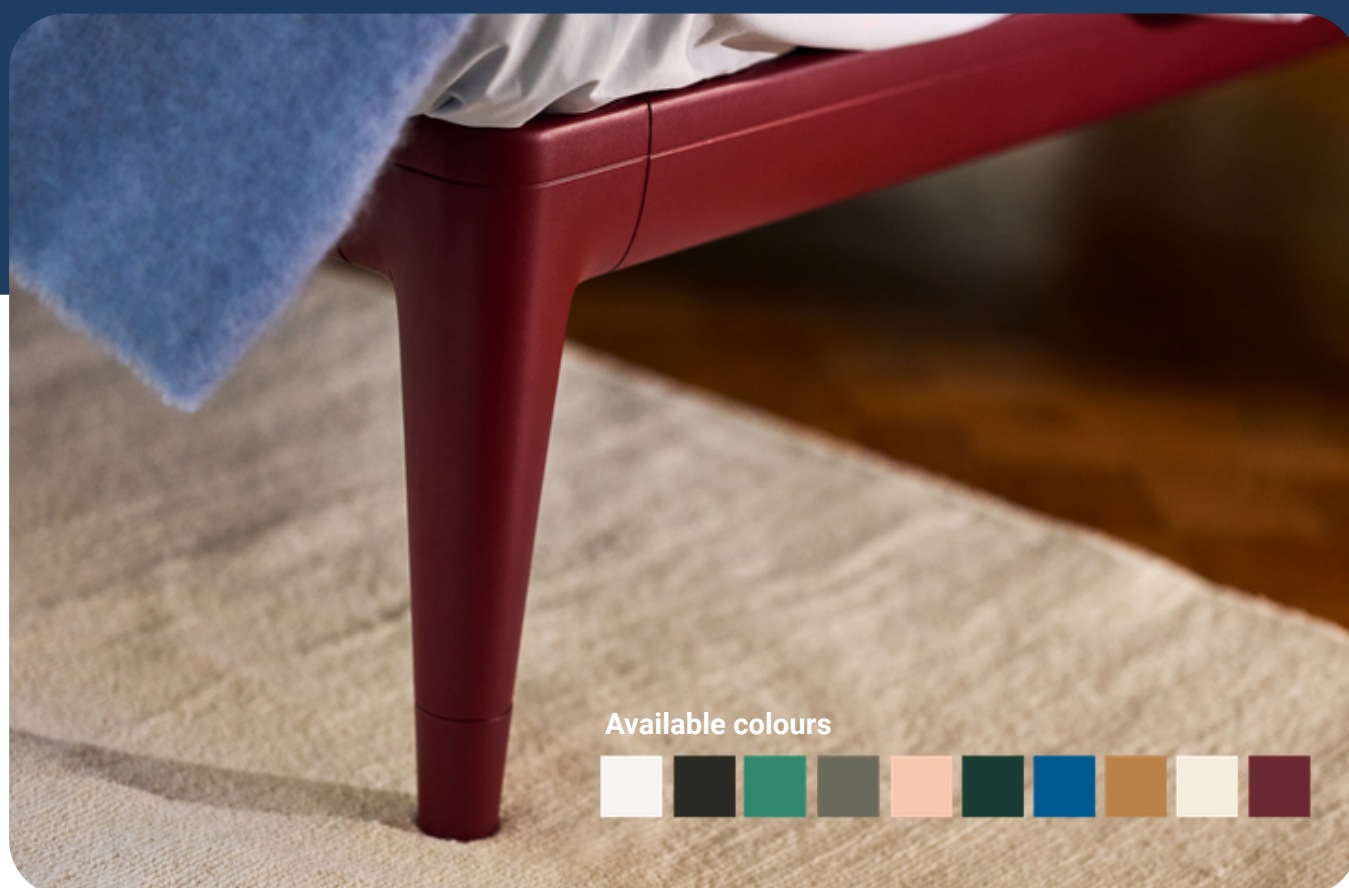

■ Sleeping Comfort

Behind the refined design lies the renowned comfort of Auping. The open structure of the mesh base ensures excellent ventilation and ergonomic support, helping to create a fresh and comfortable sleeping environment.
